- Easier task editing on Release details page
- Requirements and Tasks tabs now show both requirements and tasks linked to the Release
- Existing incidents list on test execution page now includes incidents from prior test runs
- Shortcut added to Test Case list page to allow quick blocking / unblocking of test cases

Download Instructions

To obtain this version of SpiraTeam®, you need to log in to the customer area of the Inflectra® Website at: http://www.inflectra.com/CustomerArea. From there you can find the list of downloads under "My Downloads". Simply right-click on the installation link, download the Microsoft Installer (.msi) package to your computer, and then double-click on the package to begin the installation.

The installer will detect the existing version on your computer (if any) and upgrade the program files and migrate your data into the new version. *As always, we recommend that you backup your database and attachments prior to installation.*

The full installation and administration guide can be found at http://www.inflectra.com/SpiraTeam/Documentation.aspx.
